

All About Me as a Scientist

Fill in each rung of your DNA — this is what makes you, YOU!

The name I like to be called

One word that describes me

Outside of school, I love to...

I learn best when...

I see it

I hear it

I do it

with others

A goal I have for this science class

My history with science...

I love it

It's okay

Makes me nervous

A science topic I'm curious about

If I were a scientist, I would study...

A Few More Base Pairs

Keep building your strand!

A science “superpower” I’d want

Two truths and a lie about me (we’ll guess the lie!)

One thing I want my teacher to know

Draw yourself as a scientist!

LOVED THIS FREEBIE?

Here's where your first week — and your whole year — goes next.

STEP 1 · YOUR FIRST WEEK

Back to School Science Bundle

All 7 first-week resources in one place — this survey plus icebreakers, lab safety, an escape room, a syllabus pack, group roles & bell ringers (+ bonus name tents).

\$11.50 · save \$3.50 · Grades 6–12 · 37 pages
