

GO DIGITAL • SELF-CHECKING ACTIVITY

Interactive Nature of Science Maze

The printable maze, now online — students type, travel, and it checks itself.

Open it free on any device — no account, login, or app needed.

How to use it

- ✓ Project it on the board, or drop the link into Google Classroom, Canvas, or Schoology.
- ✓ Students scan the code or type the link — works on phones, tablets, and Chromebooks.
- ✓ They name each term and follow its path. Wrong turns hit dead ends; only the correct route reaches FINISHED, so it grades itself.
